By a vote of 10 votes For and 1 Against

It was RESOLVED:

That the application is REFUSED planning permission/listed building consent/other based on the following reasons:-

1) The proposed development by virtue of its location, layout and access would be contrary to Policy LEAV5 and LEAV6 of the Leavenheath Neighbourhood Plan, which requires new development outside of the settlement boundary to have a close functional relationship to the existing settlement or constitute a logical extension of the built-up area of the settlement and for development to be set back from the A134. The proposed development would be accessed off the A134 and result in a development physically separated from surrounding development and closer to the A134.

This would not constitute a logical extension of the built-up area but would result in a development detrimental to the character of the High Road area of Leavenheath. Due to the above, the development would also be contrary to Policy SP03 of the Joint Local Plan which states that outside of the settlement boundaries development will normally only be permitted where it is in accordance with a Neighbourhood Plan.

2) The proposed development by virtue of its scale and location, would result in unsustainable development, highly dependent on private vehicles for everyday trips contrary to Policy SP03 of the Joint Neighbourhood Plan and the NPPF.

3) The proposed development has not shown that surface water discharge can be acceptably dealt with without resulting in flooding elsewhere, contrary to Policy LEAV4 of the Leavenheath Neighbourhood Plan and Policy LP27 of the JLP and the NPPF.

4) In the absence of a signed s.106 agreement the development would not provide a contribution to primary and secondary school transport contrary to Policy LP29 of the Joint Local Plan which states that development will be expected to provide home to school transport contributions.

5) In the absence of a signed s.106 agreement the development would not provide a contribution to affordable housing, contrary to Policy SP02 of the Babergh and Mid Suffolk Joint Local Plan.

6) In the absence of a signed s.106 agreement or RAMS payment the proposed development would have of an unacceptable impact on the Stour and Orwell Estuaries Special Protection Area (SPA) contrary to Policy SP09 of the JLP and the Suffolk Coast Recreation Disturbance Avoidance and Mitigation Strategy (RAMS).

And the following additional reason for refusal as agreed:

There is no provision for a minimum of 10 per cent Biodiversity Net Gain. This is contrary to policies SP09 and LP16 of the Joint Local Plan and Leavenheath Neighbourhood Plan LEAV3.

- 77.12 Members debated the application on issues including: the effect of recent changes in planning policy, including the adoption of the Joint Local Plan Part 1, on the application, the open space provision, potential surface water

By a vote of 7 votes For and 3 Against

It was RESOLVED:

That the application is REFUSED planning permission based on the following reasons:-

1) The proposed development by virtue of its scale and location would be contrary to Policy LEAV5 and LEAV6 of the Leavenheath Neighbourhood Plan which requires new development outside of the settlement boundary to be self-contained and have logical, natural boundaries, while development which undermines the physical or visual separation of the three settlements will not be supported. The proposed development is not within a site with natural boundaries and would result in a development which undermines the physical and visual separation of High Road and Honey Tye resulting in development which is detrimental to the character of the High Road area of Leavenheath. Due to the above, the development would also be contrary to Policy SP03 of the Joint Local Plan which states that outside of the settlement boundaries development will normally only be permitted where it is in accordance with a Neighbourhood Plan.

2) The proposed development by virtue of its scale and location, would result in a non-sustainable development, highly dependent on private vehicle for everyday trips contrary to the NPPF.

3) The proposed development by virtue of its scale and siting would be contrary to Policy LEAV12 of the Leavenheath Neighbourhood Plan as it would result in a development with insufficient space for suitable onsite recreational green space and play equipment.

4) The proposed development by virtue of its proposed housing type would be contrary to Policy LEAV7 of the Leavenheath Neighbourhood Plan as it would include a significant amount of 4 and 5 bedroom dwellings.

5) The proposed development has not shown that surface water discharge can be acceptably dealt with without resulting in flooding elsewhere, contrary to Policy LEAV4 of the Leavenheath Neighbourhood Plan and Policy LP27 of the JLP and the NPPF.

6) In the absence of a signed s.106 agreement the development would not

provide a contribution to primary and secondary school transport contrary to Policy LP29 of the Joint Local Plan which states that development will be expected to provide home to school transport contributions.

7) In the absence of a signed s.106 agreement the development would not provide a contribution to affordable housing, contrary to Policy SP02 of the Babergh and Mid Suffolk Joint Local Plan.

8) In the absence of a signed s.106 agreement or RAMS payment the proposed development would have of an unacceptable impact on the Stour and Orwell Estuaries Special Protection Area (SPA) contrary to Policy SP09 of the JLP and the Suffolk Coast Recreation Disturbance Avoidance and Mitigation Strategy (RAMS).

And the following additional reason as agreed:

There is no provision for a minimum of 10 per cent Biodiversity Net Gain. This is contrary to policies SP09 and LP16 of the Joint Local Plan and Leavenheath Neighbourhood Plan LEAV3.
