Comment Details

Commenter Type: Parish Council

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: We have a major problem of litter within the village of Stuston and as Chairman of the Parish Meeting at Stuston I would request that the proposed owners of the development accept full responsibility for ensuring that litter is kept to an absolute minimum. A further concern is that should the development attract an increase in the volume of traffic accessing the development from Victoria Road through the Golf Course to the roundabout on the A143 this road is derestricted up to the roundabout on the A143 and consideration should be given to limiting the speed on this section of road to 30 mph
