- 1.1 The report contains details of the revenue and capital budgets and the Council's strategic financial aim. The purpose of this report is to present the HRA Budget for 2020/21 and longer-term outlook.
- 1.2 To enable Members to consider key aspects of the 2020/21 HRA Budget, including Council House rent levels.

#### 2. OPTIONS CONSIDERED

- 2.1 The Housing Revenue Account Budget for 2020/21 and longer-term outlook is an essential element in achieving a balanced budget and sustainable medium-term position, therefore no other options are appropriate in respect of this.

#### 3 RECOMMENDATIONS

- 3.1 That the HRA revenue budget proposals for 2020/21 and the longer-term outlook set out in the report be endorsed for recommendation to Council on 27 February 2020.
- 3.2 That the HRA capital budget proposals for 2020/21 set out in Appendix A in the report be endorsed for recommendation to Council on 27 February 2020.
- 3.3 That the CPI + 1% increase of 2.7% in Council House rents, equivalent to an average rent increase of £2.19 a week be implemented.
- 3.4 That garage rents are kept at the same level as 2019/20.
- 3.5 That Sheltered Housing Service charges be increased by £2 per week to reduce the subsidy by £30k.

3.6	That Sheltered Housing utility charges be increased by 5% (average £0.62 increase per week).
3.7	That the budgeted deficit of £605k be transferred from the HRA Reserves in 2020/21.
3.8	That in principle, Right to Buy (RTB) receipts should be retained to enable continued development and acquisition of new council dwellings.
3.9	That the revised 30-year HRA Business Plan in Appendix B be noted.
<b>REASON FOR DECISION</b>	
<b>To bring together all the relevant information to enable Cabinet Members to review, consider and comment upon the Councils Housing Revenue Account budget before recommendations to Council.</b>	

## 4 KEY INFORMATION

### HRA Overall Financial and Budget Strategy

- 4.1 The Councils HRA Business Plan presents a positive financial picture over the longer term (a thirty-year period as required under the self-financing regime)
- The Welfare Reform and Work Act allows rents to be increased by CPI (currently 1.7%) +1% for five years from 2020/21.
  - The removal of the HRA Debt Cap from 29 October 2018 means that local authorities can borrow to fund new homes without worrying about breaching this cap. Any borrowing will be subject to the Council adhering to the Chartered Institute of Public Finance and Accountancy (CIPFA) Prudential Code.

## 5 HRA FINANCIAL POSITION

- 5.1 The updated 30-year HRA Business Plan is attached at Appendix B. The plan is predicated on an annual rent increase of 2.7% for 2020/21 followed by 4 years annual rent increase of CPI + 1%. The remaining 25 years are based on an annual rent increase of CPI only.
- 5.2 It also reflects;
- HCA and other scheme development costs;
  - Funding to support spend of RTB receipts and capital programme expenditure.
- 5.3 The self-financing regime replaced the old HRA subsidy system on 1 April 2012. Mid Suffolk's settlement payment was calculated at £57m based on projected income, expenditure and existing stock values. This took HRA long-term borrowing to £82m.
- 5.4 The HRA Business Plan is currently viable over the 30-year period with treasury debt forecast to reduce to £27.1m by year 30. However, the longer-term picture is harder to forecast with a number of unknowns inherent with such future projections.

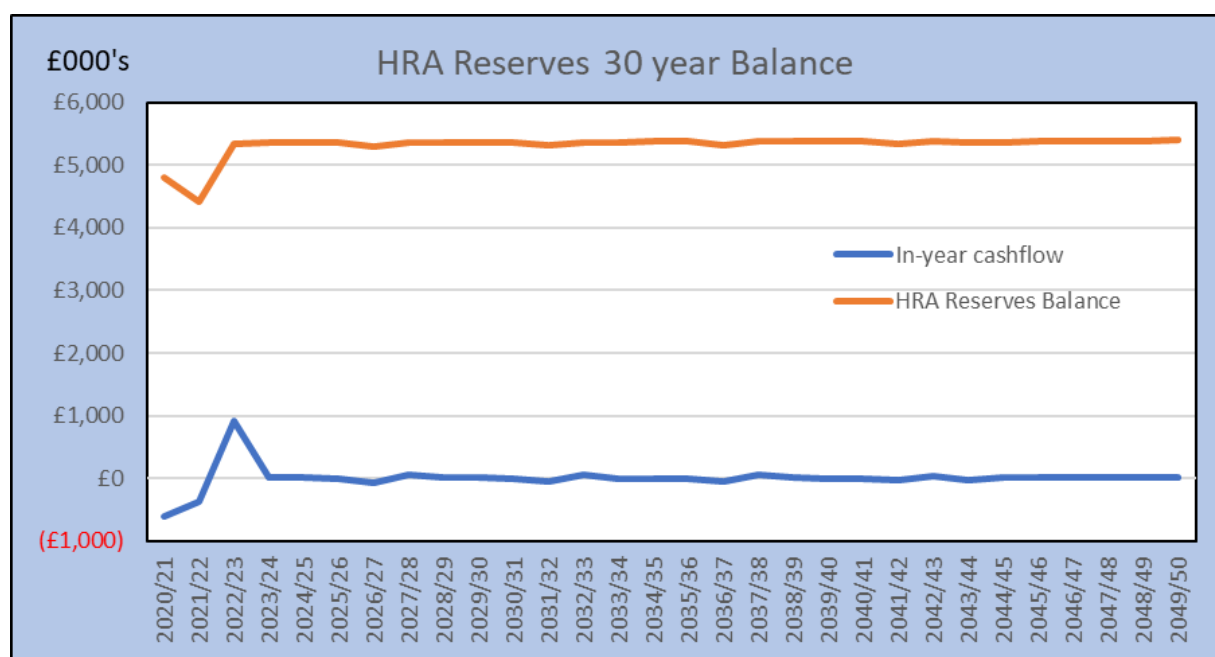

- 5.5 The Corporate Plan clearly sets out the Council’s aligned corporate outcomes. The key housing projects supporting delivery of the priorities are outlined in the HRA Business Plan.
- 5.6 New homes have delivered New Homes Bonus for the Council, additional rent and Council Tax and local businesses will also benefit. All these factors will bring growth to our local economy. Recent analysis by the Local Government Association and Capital Economics has found;
- Every £1 invested in a new social home generates £2.84 in the wider economy.
  - Every new social home would generate a saving of £780 per year in Housing Benefit.
  - Every new social home would generate a fiscal surplus through rental income.

## 6 HRA POTENTIAL RESOURCES AVAILABLE FOR INVESTMENT

- 6.1 A key aspect of the business plan is the reserve balance predicted over the coming years. Another important feature is the ability to repay debt and the amount available for building new homes. These are illustrated in the following graphs:

Graph A - Reserve balances and annual cash flow from 2020/21 for 30 years

- 6.2 This graph shows reserve balances within the HRA over the 30 years and the annual cash flow. The reserve balances remain at a constant £4.7m after 2022/23. A detailed breakdown of all the HRA earmarked reserves forecast as at 31<sup>st</sup> March 2021 can be found in Appendix C. The revised HRA Business Model allocates the revenue contribution to capital (RCCO) to increasing reserve balances, when it is not required to fund the capital programme. This change has been implemented from 2024/25 onwards and is to demonstrate that the Council can afford to repay any new debt as required by the CIPFA Prudential Code.

Graph B – HRA Debt Overview from 2020/21 for 30 years

6.3 This shows the different types of debt held by the HRA over the next 30 years. Most of the new debt is forecast to be repaid within 23 years and total debt to reduce significantly by 2049/50. However, this is based on a capital programme of £2.7m per annum for new build and acquisitions after 2022/23. Although the debt cap has been removed it also provides an indication of when the debt cap would have been breached had it remained.

Graph C - Capital Programme from 2020/21 for 10 years

6.4 This graph shows proposed capital programme expenditure within the HRA Business Plan over the next 10 years. The spend is split between capital maintenance on council dwellings and new build and acquisitions.

## **7 HRA KEY ACHIEVEMENTS**

7.1 A fundamental review of the housing service has been undertaken during 2019/20 to identify savings, efficiencies and income generation opportunities that will achieve a sustainable business plan into the future. The review has examined:

- New build programme and retention of Right to Buy receipts. The appointment of Icenii to look into development opportunities has enabled us to provide a 3-year development programme of new build and acquisitions.
- Introduction of locality-based working within the building services team to reduce travel times, save fuel costs and improve service delivery.
- A review of the Travis Perkins materials contract which has delivered savings and efficiencies as well as improvement in customer service.
- Introduction of the Homes and Housing Strategy (2019-2024) and Homelessness Reduction and Rough Sleeping Strategies (2019-2024)
- Introduction of policies including a mobility scooter, income management and regulatory reform order.
- Void performance being maintained at an average of 16 days.
- Introduction of pre-court and pre-eviction panels to reduce levels of debt and evictions due to the non-payment of rent.
- Tenant Board conducted their first scrutiny review of the repairs service.
- Housing conference held for all housing staff

## **8 HRA INCOME AND SAVINGS OPPORTUNITIES**

8.1 The Councils Homes and Housing Strategy specifically identifies the need for the HRA to be as efficient and effective as possible with an ambition to save 1% of our budget across the 3 years 2019 – 2022.

8.2 During the past year the Housing Revenue Account has identified and made savings to its Revenue budgets including;

- Increasing leaseholder service/management charges by £9k
- Reduction in ICT project costs of £18k
- Removal of decorating vouchers for new tenants saving £3k
- Reducing reserves by £20k previously carried forward to support financial inclusion
- Removal of decorating grants for tenants that have had their home rewired saving £5k

8.3 Next year will see a focus on all contracts (more than £50k) to review the terms of each of these and to identify savings opportunities, as well as a decision on the long-term future of Building Services via a joint venture with Flagship Housing. A review of the HRA Business Plan will also be undertaken.

- 8.4 Sheltered housing – Mid Suffolk currently subsidises sheltered service charges from the HRA by approximately £66k each year. By increasing the increasing the service charge by £2 per week for 2020/21, the subsidy will be reduced by £30k. Following an increase in utility prices a 5% increase in utility charges is proposed, which is an average increase of 62p per week.
- 8.5 Garage rents – A project to reduce the number of void garages began during 2019/20. Further work will continue in 2020/21 to identify alternative use of long term/unviable garage sites. It is proposed that garage rents are kept at the same level as the current year.
- 8.6 A project was undertaken by Corporate Managers in 2018/19 to identify where income could be increased, or savings made, for the next four years. Income increases or savings continue to be reflected in the budget and will be monitored during the year.

## **9 RETENTION OF RIGHT TO BUY RECEIPTS**

- 9.1 Right to Buy (RTB) sales for Mid Suffolk were lower than those projected in the business plan. In 2018/19 Mid Suffolk sold 12 against an original projection of 35 sales.
- 9.2 The money received from RTB sales can only be used as a 30% contribution towards the cost of a replacement home. The remaining 70% of the replacement cost must be found from other HRA resources. As sales increase, it means that the level of match funding required (70%) increases. If the receipts are not spent within the 3-year period allowed, they must be repaid to Government with 4% above the base rate interest added. There has been a recent consultation on Right to Buys, which both Babergh and Mid Suffolk contributed to and we are currently awaiting the results of this.

## 12 LINKS TO THE CORPORATE PLAN

- 12.1 Ensuring that the Council makes best use of its resources is what underpins the ability to achieve the priorities set out in the Corporate Plan. Specific links are to financially sustainable Councils, managing our corporate assets effectively, and property investment to generate income.

## 13 FINANCIAL IMPLICATIONS

- 13.1 These are detailed in the report.

## 14 LEGAL IMPLICATIONS

- 14.1 There are none that apply.

## 15 RISK MANAGEMENT

- 15.1 This report is most closely linked with the Council's Significant Risk No. 13 – We may be unable to respond in a timely and effective way to financial demands and also Corporate Risk No. SE05 – if the Finance Strategy is not in place with a balanced position over the medium term the Councils will not be able to deliver the core objectives and service delivery may be at risk of not being delivered. Other key risks are set out below:

<b>Risk Description</b>	<b>Likelihood</b>	<b>Impact</b>	<b>Mitigation Measures</b>
If we do not consider the ongoing impacts of the Welfare and Funding Reforms, then it could lead to unpreparedness for further changes.	Unlikely - 2	Bad – 3	Ensure adequate bad debt provision and that the Income Management Strategy seeks to mitigate the impact of the changes on residents, the Council's income streams and budgets.
If there are increases in inflation and other variables, then Council Housing self-financing could result in a greater risk to investment and service delivery plans.	Unlikely - 2	Noticeable – 2	Inflation and interest rate assumptions have been modelled in the HRA business plan. Capital receipts and capital programme funding reviewed.
If we fail to spend retained RTB receipts within 3-year period, then it will lead to requirement to repay to Government with an additional 4% interest.	Unlikely - 2	Bad - 3	Provision has been made in the updated HRA Investment Strategy to enable match funding and spend of RTB receipts.
If we borrow too much to fund new homes, we will	Unlikely - 2	Bad - 3	Follow the CIPFA Prudential Code which

<b>Risk Description</b>	<b>Likelihood</b>	<b>Impact</b>	<b>Mitigation Measures</b>
not be able to pay the loan interest.			states Capital investment plans must be affordable, prudent and sustainable.
If Brexit has a negative impact on the Economy, then interest rates/inflation/house prices and demand/jobs could be impacted.	Probable - 3	Bad - 3	Understanding and acting on intelligence from Local Government Association (LGA) and CIPFA.
If capital data is inaccurate it could lead to problems with treasury management debt and cashflows.	Unlikely - 2	Bad - 3	Work closely with treasury management when setting capital budgets and how this will be financed. Monitor the capital spend quarterly and raise any changes with treasury management.

## **16 CONSULTATIONS**

- 16.1 Consultations have taken place with Assistant Directors, Corporate Managers and other Budget Managers as appropriate.

## **17 EQUALITY ANALYSIS**

- 17.1 An equality impact assessment will be undertaken with each Assistant Director for any changes within the budget proposals.

## **18 ENVIRONMENTAL IMPLICATIONS**

- 18.1 Assistant Directors, Corporate Managers and other Budget Managers will consider the environmental impact of any savings proposals and throughout the year as they manage their budgets.
