OUTLINE PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990
THE TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE) (ENGLAND)
ORDER 2015

Correspondence Address:

Strutt & Parker
66-68 Hills Road
Cambridge
CB2 1LA

Applicant:

Catesby Strategic Land Limited
Land off Fishponds Way
Haughley
IP14 3PJ

Date Application Received: 30-Oct-18

Application Reference: DC/18/04773

Date Registered: 31-Oct-18

Proposal & Location of Development:

Outline Planning Application (Access to be considered) - Erection of up to 65no. dwellings including means of access into the site (not internal roads), parking, pedestrian / cycle bridge and associated highway works

Land To The West Of, Fishponds Way, Haughley, Suffolk

Section A – Plans & Documents:

This decision refers to drawing no./entitled 6411_104_A received 30/10/2018 as the defined red line plan with the site shown edged red. Any other drawing showing land edged red whether as part of another document or as a separate plan/drawing has not been accepted or treated as the defined application site for the purposes of this decision.

The plans and documents recorded below are those upon which this decision has been reached:

Defined Red Line Plan 6411_104_A - Received 30/10/2018

Site Plan - Parameters Plan - 6411_103_A - Received 30/10/2018

Block Plan - Proposed - Masterplan - Matters of Layout, Scale, appearance and Landscaping shown as indicative only - 6411_102_F - Received 30/10/2018

Section B:

Mid Suffolk District Council as Local Planning Authority, hereby give notice that **OUTLINE PLANNING PERMISSION HAS BEEN GRANTED** in accordance with the application particulars and plans listed in section A subject to the following conditions:

1. APPROVED PLANS & DOCUMENTS

The development hereby permitted shall be carried out in accordance with the drawings/documents listed under Section A above and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non material amendment following an application in that regard.

Reason - For the avoidance of doubt and in the interests of proper planning of the development.

2. ACTION REQUIRED IN ACCORDANCE WITH A SPECIFIC TIMETABLE: TIME LIMIT FOR RESERVED MATTERS APPLICATION

Application for approval of reserved matters must be made not later than the expiration of three years beginning with the date of this permission, and the development must be begun not later than the expiration of two years from the final approval of the reserved matters or, in the case of approval on different dates the final approval of the last such matter to be approved.

Reason - Required to be imposed pursuant to Section 92 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004

3. ACTION REQUIRED PRIOR TO COMMENCEMENT OF WORKS: PRE-COMMENCEMENT CONDITION: APPROVAL OF RESERVED MATTERS

Before any development is commenced, approval of the details of the appearance, scale and layout of the building(s), and the landscaping of the site (hereinafter called "the reserved matters") shall be obtained in writing from the Local Planning Authority.

Reason - To enable the Local Planning Authority to secure an orderly and well designed development in accordance with the character and appearance of the neighbourhood and in accordance with the Development Plan. This condition is required to be agreed prior to the commencement of any development in accordance with proper planning principles to allow public engagement on the outstanding reserved matters and ensure no significant adverse harm results.

4. ON GOING REQUIREMENT OF DEVELOPMENT: TIMESCALE FOR LANDSCAPING

All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details shall be carried out in full during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be approved, in writing, by the Local Planning Authority up to the first use or first occupation of the development. Any trees, hedges, shrubs or turf identified within the approved landscaping details (both proposed planting and existing) which die, are removed, seriously damaged or seriously diseased, within a period of 10 years of being planted or in the case of existing planting within a period of 5 years from the commencement of development, shall be replaced in the next planting season with others of similar size and species.

Reason - To ensure that the approved landscaping scheme has sufficient time to establish, in the interests of visual amenity and the character and appearance of the area.

5. ACTION REQUIRED PRIOR TO FIRST USE OF ACCESS: HIGHWAYS - PROVISION OF VISIBILITY SPLAYS

Before the access is first used visibility splays shall be provided as shown on approved drawings under Section A and thereafter retained and maintained in the specified form. Notwithstanding the provisions of Part 2 Class A of the Town & Country Planning (General Permitted Development)(England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) no obstruction over 0.6 metres high shall be erected, constructed, planted or permitted to grow within the areas of the visibility splays.

Reason - To ensure vehicles exiting the drive would have sufficient visibility to enter the public highway safely and vehicles on the public highway would have sufficient warning of a vehicle emerging in order to take avoiding action.

6. ACTION REQUIRED PRIOR TO COMMENCEMENT OF DEVELOPMENT - PRE COMMENCEMENT CONDITION: PROVISION OF ROADS AND FOOTPATHS.

Before the development is commenced, details of the estate roads and footpaths, including layout, levels, gradients, surfacing and means of surface water drainage and a timetable for said works, shall be submitted to and approved in writing by the Local Planning Authority. The details agreed to satisfy this condition shall be implemented and completed in their entirety in accordance with the timetable agreed.

Reason: To ensure that roads/footways are constructed to an acceptable standard. This condition is required to be agreed prior to the commencement of any development to ensure highway safety is secured early for both development, its construction and addresses areas of work before any other parts of the development can take place. If agreement was sought at any later stage there is an unacceptable risk to highway and public safety and risk of cost to the developer if the details are not found acceptable.

7. SPECIFIC RESTRICTION ON DEVELOPMENT: PROVISION OF ROADS AND FOOTPATHS.

No dwelling shall be first occupied until the carriageways and footways serving that dwelling have been constructed to at least basecourse level or better in accordance with the approved details.

Reason - To ensure that satisfactory access is provided for the safety of residents and the public.

8. ACTION REQUIRED PRIOR TO FIRST OCCUPATION: HIGHWAYS - ACCESS SURFACE TREATMENT

Prior to the development hereby permitted being first occupied, the new access onto the Highway shall be properly surfaced with a bound material for a minimum distance of 10 metres from the edge of the metalled carriageway, in accordance with details which shall previously have been submitted to and approved in writing by the Local Planning Authority. The bound material as may be agreed shall be retained and maintained thereafter as approved.

Reason - To secure appropriate improvements to the existing vehicular access in the interests of highway safety having regard to the increase in its use which will result from the development permitted and to prevent hazards caused by loose materials being carried out into the highway.

9. ACTION REQUIRED PRIOR TO COMMENCEMENT OF WORKS TO ACCESS: HIGHWAYS - SURFACE WATER DISCHARGE PREVENTION DETAILS REQUIRED.

Prior to the commencement of any works to the access, details shall be submitted to and approved in writing by the Local Planning Authority showing the means to prevent the discharge of surface water from the development onto the highway. The approved scheme shall be carried out in its entirety before the access is first used and shall be retained and maintained thereafter in its approved form.

Reason - To prevent hazards caused by flowing water or ice on the highway.

10. ACTION REQUIRED CONCURRENTLY WITH RESERVED MATTERS - HIGHWAYS: PROVISION OF PARKING AND TURNING.

Concurrently with an application for approval of reserved matters details of the areas to be provided for the loading, unloading, manoeuvring and parking of vehicles including secure cycle storage shall be submitted to and approved, in writing, by the Local Planning Authority. The approved scheme shall be carried out in its entirety before the development is brought into first use/occupied and shall be retained thereafter and remain free of obstruction except for the purpose of manoeuvring and parking of vehicles and used for no other purpose.

Reason - To ensure that sufficient space for the on site parking of vehicles is provided and maintained in order to ensure the provision of adequate on-site space for the parking and manoeuvring of vehicles where on-street parking and manoeuvring would be detrimental to highway safety to users of the highway. This condition is required to be implemented at the specified time to ensure highway safety is secured early for the development. If agreement was sought at any later stage there is an unacceptable risk to highway and public safety should proper layout not be achieved.

11. ACTION REQUIRED PRIOR TO FIRST OCCUPATION OF DEVELOPMENT: REFUSE BINS AND COLLECTION AREAS

Prior to the first occupation of the development details of the areas to be provided for storage of Refuse/Recycling bins and any associated collection areas shall be submitted to and approved, in writing, by the Local Planning Authority. The approved areas shall be provided in their entirety before the development is first occupied and shall be retained thereafter for no other purpose.

Reason: To ensure that refuse recycling bins are not stored on the highway causing obstruction and dangers for other users.

12. ACTION REQUIRED DURING CONSTRUCTION PERIOD - DELIVERIES MANAGEMENT PLAN

All HGV traffic movements to and from the site over the duration of the construction period shall be subject to a Deliveries Management Plan which shall be submitted to the planning authority for approval a minimum of 28 days before any deliveries of materials commence.

No HGV movements shall be permitted to and from the site other than in accordance with the routes defined in the Plan. The site operator shall maintain a register of complaints and record of actions taken to deal with such complaints at the site office as specified in the Plan throughout the period of occupation of the site.

Reason - To reduce and / or remove as far as is reasonably possible the effects of HGV

13. ACTION REQUIRED PRIOR TO FIRST OCCUPATION - HIGHWAYS - PUBLIC RIGHTS OF WAY IMPROVEMENTS

Concurrently with an application for approval of reserved matters precise details of: the proposed footway/cycleway along the site frontage, with footbridge and connection to Public Bridleway 038; and the proposed pedestrian crossing across Fishponds Way, to the north-east of the site, shall be submitted to and approved in writing by the local planning authority, in consultation with the local highway authority. The approved details shall then be fully implemented, as approved prior to first occupation of the development hereby approved.

Reason - In the interest of securing appropriate highway and public right of way improvements at the appropriate time, in the interest of highway safety.

14. HIGHWAYS - SECTION 278 AGREEMENT

The works within the public highway will be required to be designed and constructed in accordance with the County Council's specification and as shown on Drawing No J32-3523-PS-002F and 004D. The applicant will also be required to enter into a legal agreement under the provisions of Section 278 of the Highways Act 1980 relating to the construction and subsequent adoption of the highway improvements. Amongst other things the Agreement will cover the specification of the highway works, safety audit procedures, construction and supervision and inspection of the works, bonding arrangements, indemnity of the County Council regarding noise insulation and land compensation claims, commuted sums, and changes to the existing street lighting and signing.

Reason - In the interest of Highway Safety

NOTE - The Local Planning Authority recommends that developers of housing estates should enter into formal agreement with the Highway Authority under Section 38 of the Highways Act 1980 relating to the construction and subsequent adoption of Estate Roads.

15. ACTION REQUIRED CONCURRENTLY WITH RESERVED MATTERS - SURFACE WATER DRAINAGE SCHEME

Concurrent with the first reserved matters application(s) a surface water drainage scheme shall be submitted to, and approved in writing by, the local planning authority. The scheme shall be in accordance with the approved FRA and include: a.) Dimensioned plans and drawings of the surface water drainage scheme; b.) Infiltration testing on the site in accordance with BRE 365 and the use of infiltration as the means of drainage if the infiltration rates and groundwater levels show it to be possible; c.) If the use of infiltration is not possible then modelling shall be submitted to demonstrate that the surface water runoff will be restricted to Q_{bar} for all events up to the critical 1 in 100 year rainfall events including climate change as specified in the FRA; d.) Modelling of the surface water drainage scheme to show that the attenuation/infiltration features will contain the 1 in 100

year rainfall event including climate change; e.) Modelling of the surface water conveyance network in the 1 in 30 year rainfall event to show no above ground flooding, and modelling of the volumes of any above ground flooding from the pipe network in a 1 in 100 year climate change rainfall event, along with topographic plans showing where the water will flow and be stored to ensure no flooding of buildings or offsite flows; f.) Topographical plans depicting all exceedance flowpaths and demonstration that the flows would not flood buildings or flow offsite, and if they are to be directed to the surface water drainage system then the potential additional rates and volumes of surface water must be included within the modelling of the surface water system; g.) Details of the implementation, maintenance and management of the surface water drainage scheme shall be submitted to and approved in writing by the local planning authority. The strategy shall be implemented and thereafter managed and maintained in accordance with the approved details. The scheme shall be fully implemented as approved.

Reason - To prevent flooding by ensuring the satisfactory storage and disposal of surface water from the site for the lifetime of the development.

16. ACTION REQUIRED PRIOR TO FIRST OCCUPATION - SUSTAINABLE URBAN DRAINAGE SYSTEM

The development hereby permitted shall not be occupied until details of all Sustainable Urban Drainage System components and piped networks have been submitted, in an approved form, to and approved in writing by the Local Planning Authority for inclusion on the Lead Local Flood Authority's Flood Risk Asset Register.

Reason - To ensure all flood risk assets and their owners are recorded onto the LLFA's statutory flood risk asset register as per s21 of the Flood and Water Management Act.

17. ACTION REQUIRED PRIOR TO COMMENCEMENT - CONSTRUCTION SURFACE WATER MANAGEMENT PLAN

No development shall commence until details of a Construction Surface Water Management Plan (CSWMP) detailing how surface water and storm water will be managed on the site during construction (including demolition and site clearance operations) is submitted to and agreed in writing by the local planning authority. The CSWMP shall be implemented and thereafter managed and maintained in accordance with the approved plan for the duration of construction. The approved CSWMP and shall include: a. Method statements, scaled and dimensioned plans and drawings detailing surface water management proposals to include :- i. Temporary drainage systems ii. Measures for managing pollution / water quality and protecting controlled waters and watercourses iii. Measures for managing any on or offsite flood risk associated with construction

Reason - To ensure the development does not cause increased flood risk, or pollution of watercourses in line with the River Basin Management Plan.

18. ACTION REQUIRED IN ACCORDANCE PRIOR TO OCCUPATION: FIRE HYDRANTS

Prior to the first occupation of the site, details of the provision of fire hydrants shall be submitted to and approved, in writing, by the Local Planning Authority. The fire hydrants shall be carried out in accordance with these details in their entirety and in accordance with the timetable as may be agreed.

Reason - To ensure the site is suitably served by fire hydrants.

19. ACTION REQUIRED PRIOR TO COMMENCEMENT OF DEVELOPMENT - LAND CONTAMINATION INVESTIGATION & REMEDIATION

No development shall take place until:

1. A strategy for investigating any contamination present on site (including ground gases, where appropriate) has been submitted for approval by the Local Planning Authority.
2. Following approval of the strategy, an investigation shall be carried out in accordance with the strategy.
3. A written report shall be submitted detailing the findings of the investigation referred to in (2) above, and an assessment of the risk posed to receptors by the contamination (including ground gases, where appropriate) for approval by the Local Planning Authority. Subject to the risk assessment, the report shall include a Remediation Scheme as required.
4. Any remediation work shall be carried out in accordance with the approved Remediation Scheme.
5. Following remediation, evidence shall be provided to the Local Planning Authority verifying that remediation has been carried out in accordance with the approved Remediation Scheme.

Reason: To identify the extent and mitigate risk to the public, the wider environment and buildings arising from land contamination.

20. PART 1 - ACTION REQUIRED PRIOR TO THE COMMENCEMENT OF DEVELOPMENT - ARCHAEOLOGICAL WRITTEN INVESTIGATION

No development shall take place on site until the implementation of a full programme of archaeological work has been secured, in accordance with a Written Scheme of Investigation which has been submitted to and approved in writing by the Local Planning Authority.

The scheme of investigation shall include an assessment of significance and research questions; and:

- a. The programme and methodology of site investigation and recording.
- b. The programme for post investigation assessment.
- c. Details of the provision to be made for analysis of the site investigation and recording.
- d. Details of the provision to be made for publication and dissemination of the analysis and records of the site investigation.
- e. Details of the provision to be made for archive deposition of the analysis and records of the site investigation; and
- f. Nomination of a competent person or persons/organisation to undertake the works set out within the Written Scheme of Investigation.

The written scheme of investigation shall be carried out in its entirety prior to any other development taking place, or in such other phased arrangement including a phasing plan as may be previously approved in writing by the Local Planning Authority.

Reason - To safeguard archaeological assets within the approved development boundary from impacts relating to any groundworks associated with the development scheme and to ensure the proper and timely investigation, recording, reporting and presentation of

archaeological assets affected by this development. This condition is required to be agreed prior to the commencement of any development to ensure features of archaeological importance are identified, preserved and secured to avoid damage or loss resulting from the development and/or its construction. If agreement was sought at any later stage, there is an unacceptable risk of loss and damage to archaeological and historic assets.

21. PART 2 - ACTION REQUIRED PRIOR TO THE FIRST OCCUPATION OF DEVELOPMENT - ARCHAEOLOGICAL WORKS

No building shall be occupied until the archaeology evaluation, and if required the Written Scheme of Investigation, have been completed, submitted to and approved, in writing, by the Local Planning Authority. Furthermore, no building shall be occupied until analysis, publication and dissemination of results and archive deposition from the archaeology investigations as agreed under the Written Scheme of Investigation has taken place, unless an alternative agreed timetable or phasing for the provision of results is agreed in writing by the Local Planning Authority.

Reason - To safeguard archaeological assets within the approved development boundary from impacts relating to any groundworks associated with the development scheme and to ensure the proper and timely investigation, recording, reporting and presentation of archaeological assets affected by this development.

22. CONCURRENT WITH RESERVED MATTERS: CONSTRUCTION ENVIRONMENTAL MANAGEMENT PLAN

A construction environmental management plan (CEMP: Biodiversity) shall be submitted to and approved in writing by the local planning authority. The CEMP (Biodiversity) shall include the following. a) Risk assessment of potentially damaging construction activities. b) Identification of "biodiversity protection zones". c) Practical measures (both physical measures and sensitive working practices) to avoid or reduce impacts during construction (may be provided as a set of method statements). d) The location and timing of sensitive works to avoid harm to biodiversity features. e) The times during construction when specialist ecologists need to be present on site to oversee works. f) Responsible persons and lines of communication. g) The role and responsibilities on site of an ecological clerk of works (ECoW) or similarly competent person. h) Use of protective fences, exclusion barriers and warning signs. The approved CEMP shall be adhered to and implemented throughout the construction period strictly in accordance with the approved details, unless otherwise agreed in writing by the local planning authority"

Reason - To conserve Protected and Priority species and allow the LPA to discharge its duties under the UK Habitats Regulations 2017, the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

23. CONCURRENT WITH RESERVED MATTERS - OTTER AND WATER VOLE SURVEY

The provision of the proposed footbridge shall not take place until a further survey for the presence of Otters and Water Voles 100 metres upstream and downstream of the proposed bridge location is carried out and the results, plus appropriate mitigation measures as necessary, has been submitted to and approved in writing by the Local Planning Authority.

Reason - To conserve Protected and Priority species and allow the LPA to discharge its duties under the UK Habitats Regulations 2017, the Wildlife and Countryside Act 1981 as amended and s40 of the NERC Act 2006.

24. PRIOR TO OCCUPATION: LANDSCAPE AND ECOLOGICAL MANAGEMENT PLAN

A Landscape and Ecological Management Plan (LEMP) shall be submitted to, and be approved in writing by, the local planning authority prior occupation of the development. The content of the LEMP shall include the following: a) Description and evaluation of features to be managed. b) Ecological trends and constraints on site that might influence management. c) Aims and objectives of management. d) Appropriate management options for achieving aims and objectives. e) Prescriptions for management actions. f) Preparation of a work schedule (including an annual work plan capable of being rolled forward over a five-year period). g) Details of the body or organization responsible for implementation of the plan. h) Ongoing monitoring and remedial measures. The LEMP shall also include details of the legal and funding mechanism(s) by which the longterm implementation of the plan will be secured by the developer with the management body(ies) responsible for its delivery. The plan shall also set out (where the results from monitoring show that conservation aims and objectives of the LEMP are not being met) how contingencies and/or remedial action will be identified, agreed and implemented so that the development still delivers the fully functioning biodiversity objectives of the originally approved scheme. The approved plan will be implemented in accordance with the approved details.

Reason - To allow the LPA to discharge its duties under the UK Habitats Regulations 2017, the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

25. ACTION REQUIRED PRIOR TO OCCUPATION: BIODIVERSITY ENHANCEMENT STRATEGY

A Biodiversity Enhancement Strategy for Protected and Priority species shall be submitted to and approved in writing by the local planning authority. The content of the Biodiversity Enhancement Strategy shall include the following: a) Purpose and conservation objectives for the proposed enhancement measures; b) detailed designs to achieve stated objectives; c) locations of proposed enhancement measures by appropriate maps and plans; d) persons responsible for implementing the enhancement measures; e) details of initial aftercare and long-term maintenance (where relevant). The works shall be implemented in accordance with the approved details and shall be retained in that manner thereafter.

Reason - To enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority habitats & species).

26. ACTION REQUIRED PRIOR TO OCCUPATION: WILDLIFE SENSITIVE LIGHTING DESIGN SCHEME

A lighting design scheme for biodiversity shall be submitted to and approved in writing by the local planning authority. The scheme shall identify those features on site that are particularly sensitive for bats and that are likely to cause disturbance along important routes used for foraging; and show how and where external lighting will be installed (through the provision of appropriate lighting contour plans, Isolux drawings and technical specifications) so that it can be clearly demonstrated that areas to be lit will not disturb or

prevent bats using their territory. All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority.

Reason - To allow the LPA to discharge its duties under the UK Habitats Regulations 2017, the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

27. ACTION REQUIRED PRIOR TO FIRST OCCUPATION - LOW CARBON TECHNOLOGIES

The items as detailed in the sustainability statement, dated 11th December 2018 shall be fully implemented and made available for use prior to first occupation of the development hereby approved and retained at all times thereafter.

Reason - In the interest of securing appropriate low carbon technologies, in accordance with the sustainability provisions of the NPPF and development plan.

28. ACTION REQUIRED PRIOR TO FIRST OCCUPATION - ELECTRIC CAR CHARGING POINTS

Prior to first occupation of the development hereby approved all new dwellings, hereby approved, shall be provided with suitable infrastructure to allow the installation of electric vehicle charging points in home garages by residents to facilitate the use of electric vehicles.

Reason - In the interest of securing appropriate low carbon technologies, in accordance with the sustainability provisions of the NPPF and development plan.

29. ACTION REQUIRED DURING SITE DEMOLITION, PREPARATION AND CONSTRUCTION - HOURS OF WORKING

The site demolition, preparation and construction works shall be carried out between the hours of 08:00 to 18:00 Mondays to Fridays and between the hours of 08:00 to 13:30 Saturdays and at no time on Sundays, Public or Bank Holidays without the prior written consent of the Local Planning Authority.

Reason - To protect the amenity of the area.

30. ACTION REQUIRED DURING SITE DEMOLITION, PREPARATION AND CONSTRUCTION - NO BURNING

Any waste material arising from the site preparation and construction works shall not be burnt on site but shall be kept securely in containers for removal to prevent escape into the environment.

Reason - To protect the amenity of the area.

31. ACTION REQUIRED DURING SITE DEMOLITION, PREPARATION AND CONSTRUCTION - NO SECURITY LIGHTS OR FLOODLIGHTS

No security lights or floodlights shall be erected on site without the submission of details to, and written approval from, the Local Planning Authority to ensure a lighting environment of low district brightness at residential properties.

Reason - To protect the amenity of the area.

32. ACTION REQUIRED PRIOR TO COMMENCEMENT OF DEVELOPMENT: LANDSCAPE PROTECTION

No development shall be commencement until the existing tree/s on the site, agreed with the Local Planning Authority for inclusion in the scheme of landscaping, have been protected by the erection of temporary protective fences of a height, size and in positions which shall previously have been approved, in writing, with the Local Planning Authority prior to the commencement of development. The protective fences shall be retained throughout the duration of building and engineering works in the vicinity of the tree/s to be protected. Any tree/s dying or becoming severely damaged as a result of any failure to comply with these requirements shall be replaced with a tree or trees of appropriate size and species during the first planting season, or in accordance with such other arrangement as may be approved, in writing, with the Local Planning Authority up to first use or first occupation of the development, following the death of, or severe damage to the tree/s.

Reason - For the avoidance of damage to protected tree/s included within the landscaping scheme in the interests of visual amenity and the character and appearance of the area. This condition is required to be carried out prior to the commencement of any other development to ensure trees are protected early to ensure avoidance of damage or lost due to the development and/or its construction. If agreement was sought at any later stage there is an unacceptable risk of lost and damage to trees.

33. SPECIFIC RESTRICTION ON DEVELOPMENT: REMOVAL OF PERMITTED DEVELOPMENT RIGHTS

Notwithstanding Section 55 (2)(a)(ii) of the Town and Country Planning Act 1990 as amended and the provisions of Article 3, Schedule 2 Part 1 Classes A to E and H and Part 2 Class A of the Town and Country Planning (General Permitted Development) Order 2015, (or any Order revoking and re-enacting that Order with or without modification): No enlargement of the dwelling house(s) shall be carried out; and No garage, car port, fence, gate, wall or any other means of enclosure, building or structure shall be erected, except pursuant to the grant of planning permission on an application made in that regard.

Reason - To enable the Local Planning Authority to retain control over the development in the interests of the amenity of the locality and to safeguard local distinctiveness.

34. ACTION REQUIRED CONCURRENTLY WITH RESERVED MATTERS - SITE LAYOUT

The Reserved Matters submission for layout relating to the development hereby approved shall generally reflect the illustrative masterplan (Drawing Ref: 6411_102_F, received 30th October 2018) and design principles set out in the Design and Access Statement (Document Reference: 6411_DAS; Version: 1.2; Version date: 12 October 2018; Comment: Final).

Reason - In the interest of securing a good quality layout of development, in the interest of the character and amenity of the village and locality.

SUMMARY OF POLICIES WHICH ARE RELEVANT TO THE DECISION:

NPPF - National Planning Policy Framework
FC01 - Presumption In Favour Of Sustainable Development
FC01_1 - Mid Suffolk Approach To Delivering Sustainable Development
CS01 - Settlement Hierarchy
CS05 - Mid Suffolk's Environment
GP01 - Design and layout of development
HB01 - Protection of historic buildings
HB08 - Safeguarding the character of conservation areas
CL02 - Development within special landscape areas
CL08 - Protecting wildlife habitats
T09 - Parking Standards
T10 - Highway Considerations in Development

NOTES:

1. Condition Precedent Note

This permission contains conditions that have to be discharged before the development or use commences. If you do not comply with the condition precedent you could invalidate this permission. A condition precedent cannot legally be complied with retrospectively and a new application could be required. There is normally a charge applicable per request to discharge a condition of a planning permission. The applicant/developer is therefore advised to submit relevant details for all conditions in a single request.

2. Statement of positive and proactive working in line with the National Planning Policy Framework (NPPF)

When determining planning applications The Town and Country Planning (Development Management Procedure) (England) Order 2015 requires Local Planning Authorities to explain how, in dealing with the application they have worked with the applicant to resolve any problems or issues arising. In this case negotiation occurred and amendments and further information was secured which enabled the application to be supported and ultimately approved.

3. Highways Note

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by the County Council or its agents at the applicant's expense. The County Council's Central Area Manager should be contacted on Telephone 01473 341414. Further information go to: www.suffolk.gov.uk/environment-and-transport/highways/dropped-kerbs-vehicular-accesses/

4. Land Contamination Note

There is a suspicion that the site may be contaminated or affected by ground gases. You should be aware that the responsibility for the safe development and secure occupancy of the site rests with the developer.

Unless agreed with the Local Planning Authority, you must not carry out any development work (including demolition or site preparation) until the requirements of the condition have been met, or without the prior approval of the Local Planning Authority.

The developer shall ensure that any reports relating to site investigations and subsequent remediation strategies shall be forwarded for comment to the following bodies:

- o Local Planning Authority
- o Environmental Services
- o Building Inspector
- o Environment Agency

Any site investigations and remediation strategies in respect of site contamination (including ground gases, where appropriate) shall be carried out in accordance with current approved standards and codes of practice.

The applicant/developer is advised, in connection with the above condition(s) requiring the submission of a strategy to establish the presence of land contaminants and any necessary investigation and remediation measures, to contact the Council's Environmental Protection Team.

5. **Protected Species Note**

The developer is hereby reminded of their obligations under the Wildlife and Countryside Act (1981 (as amended) and the Conservation of Habitats and Species Regulations (2017) (as amended) in the carrying out of the development hereby approved.

6. **Floods and Drainage Note**

- Any works to a watercourse may require consent under section 23 of the Land Drainage Act 1991
- Any discharge to a watercourse or groundwater needs to comply with the Water Environment (Water Framework Directive) (England and Wales) Regulations 2003
- Any discharge of surface water to a watercourse that drains into an Internal Drainage Board catchment may be subject to payment of a surface water developer contribution
- Any works to lay new surface water drainage pipes underneath the public highway will need a section 50 license under the New Roads and Street Works Act

7. **Section 106 Agreement Note**

A legal agreement completed by the Applicant and Babergh District Council under the provisions Section 106 of the Town and Country Planning Act, 1990 is linked to this permission.

Babergh and Mid Suffolk District Councils have adopted Community Infrastructure Levy (CIL) charging which affects planning permissions granted on or after 11th April 2016 and permitted development commenced on or after 11th April 2016. If your development is for the erection of a

new building, annex or extension or the change of use of a building over 100sqm in internal area or the creation of a new dwelling or holiday let of any size your development may be liable to pay CIL and you must submit relevant documents to our Infrastructure Team telling us more about your development, who will pay CIL and when the development will start. You will receive advice on the amount you have to pay and what you have to do and you can find more information about CIL on our websites here:

[CIL in Babergh](#) and [CIL in Mid Suffolk](#) or by contacting the Infrastructure Team on: infrastructure@baberghmidsuffolk.gov.uk

This relates to document reference: DC/18/04773

Signed: Philip Isbell

**Acting Chief Planning Officer
Growth & Sustainable Planning**

Important Notes to be read in conjunction with your Decision Notice

Please read carefully

This decision notice refers only to the decision made by the Local Planning Authority under the Town and Country Planning Acts and DOES NOT include any other consent or approval required under enactment, bylaw, order or regulation.

Please note: depending upon what conditions have been attached to the decision, action may be required on your part before you can begin your development. Planning conditions usually require that you write to the Local Planning Authority and obtain confirmation that you have discharged your obligations. You should read your decision notice in detail and make a note of the requirements placed on you by any conditions. **If you proceed with your development without complying with these conditions you may invalidate your permission and put your development at risk.**

Discharging your obligations under a condition:

You should formally apply to discharge your conditions and the relevant application forms are available on the Council's website. The Local Planning Authority has 8 weeks to write to you after you submit the details to discharge your conditions. You should always account for this time in your schedule as the Local Planning Authority cannot guarantee that conditions can be discharged quicker than this. A fee is applicable for the discharge of planning conditions.

Building Control:

You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control Section of Babergh and Mid Suffolk District Councils.

Appeals to the Secretary of State

1. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission or consent, or to grant permission or consent subject to condition, they may appeal to the Secretary of State for Communities and Local Government. The applicant's right of appeal is in accordance with the appropriate statutory provisions which follow:

Planning Applications: Section 78 Town and Country Planning Act 1990

Listed Building Applications: Section 20 Planning (Listed Buildings and Conservation Areas) Act 1990

Advertisement Applications: Section 78 Town and Country Planning Act 1990
Regulation 15

Town and Country Planning (Control of Advertisements) Regulations 2007

Notice of appeal in the case of applications for advertisement consent must be served within eight weeks of receipt of this notice. Notice of Householder and Minor Commercial Appeals must be served within 12 weeks, in all other cases, notice of appeal must be served within six months of this notice. If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within six months of the date of this notice, whichever period expires earlier.

Appeals must be made on a form which is obtainable from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN or online at <https://www.gov.uk/government/publications/modelnotification-notice-to-be-sent-to-an-applicant-when-permission-is-refused>

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he/she will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him/her that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by it, having regard to the statutory requirements*, to the provisions of the Development Order, and to any directions given under the Order. The Secretary of State does not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by him/her.

2. If permission or consent to develop land or carry out works is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State and the owner of the land claims that the land has become incapable of reasonable beneficial use by the carrying out of any development or works which has been or would be permitted they may serve on the Council of the district in which the land is situated, a purchase notice requiring the Council to purchase his interest in the land in accordance with the provisions of Section 137 of the Town and Country Planning Act 1990 or Section 32 Planning (Listed Buildings and Conservation Areas) Act 1990.

*The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70 and 72(1) of the Act.
