- The proposed dwelling, if approved, would represent an overly dominate development out of scale with the character of the prevailing existing dwellings, with particular harmful impact on the rural setting and enjoyment of occupiers (including impact on their privacy) of Cedar Cottage a non designated heritage asset. Furthermore, the detrimental, intrusive impact and harm on amenity is made worst by the position and scale of the development on higher land compared to existing development. On this basis the development is considered contrary to policy H16, H13, H15, Gp1, HB1 of the local plan, FC1 and 1.1 of the focus review as well as contrary to chapter 12 of the NPPF, with particular reference to P127 and 130. The limited public benefit of one dwelling is not considered to outweigh the harm identified.

143.11 Councillor Barry Humphreys seconded the Motion.

143.13 The vote was taken by roll call and was unanimous.

143.14 **It was RESOLVED:**
