

## MID SUFFOLK DISTRICT COUNCIL

<b>Cabinet</b>	<b>REPORT NUMBER: MCa/19/70</b>
<b>FROM: Councillor John Whitehead, Cabinet Member for Finance</b>	<b>DATE OF MEETING: 7 September 2020</b>
<b>OFFICER: Gavin Fisk, Assistant Director, Housing</b>	<b>KEY DECISION REF NO. CAB210</b>

### HOUSING REVENUE ACCOUNT (HRA) FINANCIAL MONITORING 2020/21 – QUARTER 1

#### 1. PURPOSE OF REPORT

- 1.1 This report considers the revenue and capital financial performance for the period April to June as well as the impact of COVID19 on the Councils finances and highlights significant variances expected for the financial year 2020/21.

#### 2. OPTIONS CONSIDERED

- 2.1 The options that have been considered are;
- a) At this stage in the year, the financial position is for noting only.

#### 3. RECOMMENDATIONS

- 3.1 That, subject to any further budget variations that arise during the rest of the financial year, the shortfall in funds of £1.159m, referred to in section 6.3 of the report, be noted.
- 3.2 The 2020/21 Capital Programme referred to in Appendix A and section 6.13 be noted.

#### REASON FOR DECISION

**To ensure that Members are kept informed of the current budgetary position for both the HRA Revenue and Capital Budgets.**

#### 4. KEY INFORMATION

##### Strategic Context

- 4.1 The financial position of the HRA for 2020/21 should be viewed in the context of the updated 30-year business plan. The budget set in February 2020 showed a forecast deficit position for 2020/21 of £564k to be funded from reserves.
- 4.2 A fundamental review of the housing service was undertaken during 2019/20 to identify savings, efficiencies and income generation opportunities to achieve a sustainable business plan into the future. The business plan sets out the aspiration of the Council

to increase the social housing stock by either buying existing dwellings or building new ones.

- 4.3 The Welfare Reform and Work Act 2016 requiring all social landlords to reduce rents by 1% each year came to an end in March 2020. This means rents can increase by Consumer Price Index (CPI) +1% for five years from April 2020, which will start to mitigate the impact of the 1% reduction on the 30-year plan.
- 4.4 With the Council's housing stock at 3,230 homes there will always be unplanned events that affect the level of income and expenditure in any one financial year. None more so than the outbreak of COVID19 which hit the UK in March. This will certainly have a financial impact on the Council's Housing Revenue Account as rent levels are at risk and property repairs and maintenance on the Council's housing stock was reduced to emergency repairs for existing tenants and the completion of void work in order to support the accommodation of the homeless and rough sleepers. This follows Government guidance and is in the interests of the safety of our staff and tenants.
- 4.5 Property repairs and maintenance work is now slowly commencing within the Government's COVID19 safety guidelines but will take some time before normal service levels resume and there is likely to be an impact in terms of backlog of works to be carried out.
- 4.6 The new build programme will also be impacted as development ground to a halt during lockdown and has been slow to recover, and as it does, now carries additional COVID19 related costs for site works to re-commence safely.
- 4.7 As the year progresses this financial impact will be forecast with more certainty, but section 5 below sets out in more detail the impacts based on the knowledge we have to date.

## **5. 2020/21 Financial Impact of COVID19**

- 5.1 To date additional costs for COVID19 impacting on the HRA mainly consist of additional PPE amounting to £52k, there are a number of savings that can help to mitigate the increased expenditure. These are detailed further in section 6 of this report.
- 5.2 In terms of income, in the first quarter there has been minimal impact on rent levels, however as the furlough scheme comes to an end in October it is anticipated that tenants who are in employment may be impacted. Housing Benefit and Universal Credit tenants are likely to be unaffected. A forecast of £792k loss of rental income for 2020/21 has been included in this report. Levels of debt to be written off are expected to be very low, if any, as any outstanding rents are likely to be reclaimed, but over a longer period because of secure tenancies. The team will continue to monitor the situation closely over the coming months and update the financial position accordingly. The impact is likely to extend beyond this financial year and will be reflected in the budget for 2021/22 and beyond.
- 5.3 Void losses have been projected for the year based on current levels for quarter 1, with a gradual improvement anticipated during the year, the impact for 2020/21 is forecast to be £103k.

5.4 The Government has not yet announced any financial support for loss of income on the HRA, therefore we are forecasting this loss to be covered from the Strategic Priorities Reserve which has a balance of £5.16m.

## 6. Quarter 1 Position

6.1 Based upon financial performance and information from April to June 2020 (with trends extrapolated to the end of the financial year) and discussions with budget managers and Senior Leadership Team, key variations on expenditure and income compared to budget have been identified.

6.2 Taking each area in turn, the position on key aspects of the 2020/21 budget is summarised below:

### Revenue

6.3 The original budget set for the HRA for 2020/21 shows a deficit of £564k, which would be met by reserves to achieve a balanced budget position. The forecast position at June is a deficit of £1.159m, an adverse variance of £595k, as detailed in the table below.

	Budget 2020/21	Full Year Forecast - based on ytd to June 2020	Full Year Forecast Variance to Budget (favourable) / adverse	% Var
	£'000	£'000	£'000	
<b>Cabinet Member for Housing</b>				
<b>AD Area: Housing</b>				
Dwelling Rents	(14,258)	(13,466)	792	-6%
Service Charges	(689)	(653)	36	-5%
Non Dwelling Income	(355)	(369)	(14)	4%
Other Income	(23)	(23)	-	0%
Interest Received	(9)	(9)	-	0%
<b>Total Income</b>	<b>(15,334)</b>	<b>(14,520)</b>	<b>814</b>	<b>-5%</b>

Housing Management	3,263	3,358	95	3%
Property Services - Planned Maintenance	1,255	1,069	(186)	-15%
Responsive Repairs and Maintenance	2,010	1,881	(129)	-6%
Bad Debt Provision	89	89	-	0%
Interest Payable	2,968	2,968	-	0%
Depreciation	3,709	3,709	-	0%
Revenue Contribution to Capital	2,604	2,604	-	0%
Debt Repayment	-	-	-	0%
<b>Total Expenditure</b>	<b>15,898</b>	<b>15,678</b>	<b>(220)</b>	

<b>TOTAL (Surplus)/Deficit</b>	<b>564</b>	<b>1,159</b>	<b>595</b>	
--------------------------------	------------	--------------	------------	--

6.4 The forecast variances identified within this report will be taken into consideration when setting the budgets for 2021/22.

6.5 Further explanations of the variances are provided below:

6.6 **Income – an adverse variance of £814k**

- **Dwelling rents** - it is estimated that income from dwelling rents will be impacted by COVID19 resulting in an adverse variance of £792k. This is based on a reduction of 15% for 26 weeks and is after taking into account those tenants in receipt of Housing Benefit and Universal Credit.
- **Other Income** – a small adverse variance of £22k based on current income trends.

6.7 **Housing Management – an adverse variance of £95k**

A number of items make up the adverse variance of £95k these are largely due to the impact of COVID19 and the changes in working practices to keep our employees and tenants safe. The adverse variance can be broken down as follows:

- An adverse variance of £85k - Business Rates for Needham Market Middle School and Stowmarket Middle School, the costs for which have been transferred from General Fund to HRA,
- It is anticipated that less time will be charged to Mid Suffolk's General Fund and Capital Projects for surveyors time resulting in reduced levels of income via recharges and an adverse variance of £80k.
- A favourable variance of £88k relating to employee costs - 4 fte vacant posts (shared between the two Councils) and delayed start dates for those posts that have since been appointed to. This favourable variance can help to mitigate those adverse variances mentioned above.

6.8 **Property Services – planned maintenance – a favourable variance of £186k**

- Whole House Servicing Contract (WHS) - due to the impact of COVID19 there are expected delays in carrying out the WHS contract. As a result, a favourable variance of £100k is anticipated.
- Asbestos inspections have not been carried out due to lockdown and the impact of COVID19. This is expected to result in a favourable variance of £80k.

6.9 **Responsive Repairs and Maintenance – a favourable variance of £129k**

There are a number of items that contribute to the favourable variance of £146k. These are largely due to the impact of COVID19 and the changes that the Council has made to safely deliver its repairs and maintenance services. This can be broken down as follows:

- Due to the prioritising of urgent / emergency jobs only, spend on materials is less than expected resulting in a favourable variance of £93k.
- A favourable variance of £76k for employee costs due to vacant posts (4 fte, shared 50:50 with Babergh, 2 of which have now been appointed to).
- £10k favourable variance on fuel due to urgent / emergency jobs only completed during the lockdown period.

- These can be partially offset by an adverse variance of £33k relating to agency and consultancy costs used to cover vacant posts.

6.10 The net £595k adverse position means that the total HRA balances as at 31 March 2021 is forecast to be £5.811m. This includes a minimum working balance of £1.2m, £4.574m in the Strategic Priorities Reserve and £28k in earmarked reserves.

## **Capital**

6.11 Use of capital and one-off funds is critical and need to be linked into our future delivery plans. Actual expenditure is even lower than normal for this time of year as a result of the COVID19 impact. A number of projects have fallen behind schedule, there have been supply difficulties and increased costs raised by our suppliers to cover the cost of PPE etc.

6.12 With complex capital schemes it is difficult to accurately assess the level of payments that will be made during the financial year. The Council continues to embark on new projects e.g. building new homes, where it is difficult to accurately predict at the planning stage how payments will fall. Members should therefore focus on whether overall outcomes are being achieved as a result of the capital investment rather than variances against the plan for a particular year.

6.13 Actual capital expenditure for the period April to June 2020 totals £0.05m, against the budget (including carry forwards) of £24.8m, as set out in Appendix A. As mentioned in section 6.11, a number of projects have fallen behind schedule as a consequence of COVID19. We therefore anticipate that a number of budgets will be carried forward to meet expenditure incurred in 2021/22.

6.1 New Build – Mid Suffolk’s capital programme is being reviewed to refine the pipeline of new build development and acquisitions in conjunction with a review of the 30-year business plan and the affordability of these schemes. A more accurate picture is expected after Quarter 2 when this work will have been completed.

## **7. LINKS TO THE CORPORATE PLAN**

7.1 Ensuring that the Councils make best use of their resources is what underpins the ability to achieve the priorities set out in the Corporate Plan. Specific links are to financially sustainable Councils, managing our corporate and housing assets effectively, and property investment to generate income.

## **8. FINANCIAL IMPLICATIONS**

8.1 These are detailed in the report.

## **9. LEGAL IMPLICATIONS**

9.1 There are no specific legal implications.

## **10. RISK MANAGEMENT**

10.1 This report is most closely linked with the Council’s Significant Risk No. 11 – We may be unable to respond in a timely and effective way to financial demands and also Corporate Risk No. 5E05 – if the Finance Strategy is not in place with a balanced position over the medium term the Councils will not be able to deliver the core

objectives and service delivery may be at risk of not being delivered. Other key risks are set out below:

<b>Risk Description</b>	<b>Likelihood</b>	<b>Impact</b>	<b>Mitigation Measures</b>
If we do not consider the ongoing impacts of the Welfare and Funding Reforms, then it could lead to unpreparedness for further changes.	Unlikely - 2	Bad – 3	Ensure adequate bad debt provision and that the Income Management Strategy seeks to mitigate the impact of the changes on residents, the Council's income streams and budgets.
If there are increases in inflation and other variables, then Council Housing self-financing could result in a greater risk to investment and service delivery plans.	Unlikely - 2	Noticeable – 2	Inflation and interest rate assumptions have been modelled in the HRA business plan. Capital receipts and capital programme funding reviewed.
If we fail to spend retained RTB receipts within 3-year period, then it will lead to requirement to repay to Government with an additional 4% interest.	Unlikely - 2	Bad - 3	Provision has been made in the updated HRA Investment Strategy to enable match funding and spend of RTB receipts.
If we borrow too much to fund New Homes, we will not be able to pay the loan interest.	Unlikely - 2	Bad - 3	Follow the CIPFA Prudential Code which states Capital investment plans must be affordable, prudent and sustainable.
If Brexit has a negative impact on the Economy, then interest rates/inflation/house prices and demand/jobs could be impacted.	Probable - 3	Bad - 3	Understanding and acting on intelligence from the Local Government Association (LGA) and CIPFA.
If capital data is inaccurate it could lead to problems with treasury management debt and cashflows.	Unlikely - 2	Bad - 3	Work closely with treasury management when setting capital budgets and how this will be financed. Monitor the capital spend quarterly and raise any changes with treasury management.

## 11. CONSULTATIONS

11.1 Consultations have taken place with Assistant Directors, Corporate Managers and other Budget Managers as appropriate

**12. EQUALITY ANALYSIS**

12.1 An equality analysis has not been completed because there is no action to be taken on service delivery as a result of this report.

**13. ENVIRONMENTAL IMPLICATIONS**

13.1 There are a number of areas that as a result of COVID19 have had a positive impact on the Council's environmental impact as well as the financial position. They include for example, reduced travel and fuel costs.

**14. APPENDICES**

Title	Location
APPENDIX A – Capital Programme	Attached

**15. BACKGROUND DOCUMENTS**

21 February 2019 Housing Revenue Account (HRA) Budget and Four-year Outlook Report 2019/20 – MC/18/39
