Dear Cllr Ward, Cllr Malvisi, Mr Charvonia, Ms Nixon, Mr Barker, Ms Duhamel

PLEASE TAKE NOTE: This afternoon, I electronically delivered a petition addressed to the Councillors and Officers of Babergh District Council to Robert Carmichael on their behalf. The exact wording of the petition is attached.

The signature count of this petition is as follows:

- Number of signatures supporting the full petition: **1,662**
- Number of signatures supporting the points regarding the Customer Access Point and Belle Vue, but not free parking: **4**
- Number of signatures supporting the points on the petition regarding free parking and the Customer Access Point, but not Belle Vue: **7**

The number of duplicate signatures discovered is **5**. None of these duplicate signatures are included in the counts above.

Postcode area totals for those supporting the full petition are as follows:

- CO10: **1,647**
- CO9: **8**
- CO8: **2**
- CO6: **2**
- IP29: **2**
- CB9: **1**

(all 12 signatures which did not support one of the items on the petition were in the CO10 postcode area)

One of the signatures from the CO9 postcode area marked on their petition sheet that they worked in Sudbury. For all others that signed the petition but whose postcode is outside of the Babergh region, I would strongly argue that the fact that they have signed this petition (which I only organised the physical distribution of within the Sudbury town area) shows that they have sufficient interest in these matters to be counted in a petition to Babergh District Council.

Many thanks,

Thomas Morelli
