### GATEWAY TO HOMECHOICE ALLOCATIONS POLICY REVIEW AND AMENDMENTS

#### 1. PURPOSE OF REPORT

#### 2. OPTIONS CONSIDERED

- 2.1 The proposed changes are predominantly related to National Legislative or Policy changes, therefore, to ensure compliance with our Statutory Framework, these changes are recommended and there are no other options to consider at this time.

#### 3. RECOMMENDATIONS

- 3.1 To approve the Allocations Policy amendments, as set out in Appendix A of this report.

#### REASON FOR DECISION

- 1.1 To ensure that the Allocations policy meets legal requirements.
- 1.2 To clarify wording in the policy so that key decisions are made fairly and consistently by all Gateway Local Authorities.

#### 4. KEY INFORMATION

- 4.1 Gateway to Homechoice is a Choice Based Lettings (CBL) scheme which operates across the following seven local authorities:

- Babergh District Council
- Braintree District Council
- Colchester Borough Council
- East Suffolk Council
- Ipswich Borough Council
- Maldon District Council
- Mid Suffolk District Council

- 4.2 Choice Based Lettings requires people seeking social housing from Local Authorities or registered housing providers to bid for empty homes that are advertised by the relevant landlord. The person with the highest priority who has bid for a given property will generally be made the offer.
- 4.3 Gateway to Homechoice was launched in May 2009; Waveney District Council joined the scheme on 13 January 2011; Suffolk Coastal District Council and Waveney District Council merged on 1 April 2019 and formed East Suffolk Council.
- 4.4 The scheme has one allocations policy which governs which properties applicants are eligible for. It also includes the relative priority applicants are awarded to reflect their need for housing under the policy.
- 4.5 An allocations policy is a legal requirement for bodies allocating social housing. Some categories of applicants are given preference under legislation (called 'Reasonable Preference' categories). These include those with medical or welfare needs to move, homeless households and those living in overcrowded or unsuitable conditions. Other categories of applicants can then be given preference to reflect local circumstances, for example under the existing policy preference is given to existing tenants wanting to move to a smaller property.
- 4.6 Most applicants, apart from those owed the main homeless duty are permitted to bid on properties in all seven local authority areas; controls are also in place to ensure that no more than a certain proportion of homes in one district can be allocated to households migrating inwards from other areas.
- 4.7 The original policy was devised through consultation with members, applicants, tenants and partner organisations during 2008.
- 4.8 The table below sets out the changes made to the Allocations Policy, since its original adoption in 2008/9.

<b>Year</b>	<b>Type of changes made to the policy</b>
2011	Minor changes
2012	Legislative changes made nationally due to the implementation of the Localism Act (2011)
November 2015	Policy was re-written; procedural notes were removed from the policy and instead made into separate procedures for use by Officers
April 2018	Homelessness section of the policy updated to incorporate national changes made in the Homelessness Reduction Act (2017)
April 2019	Minor changes to reflect the merger between Suffolk Coastal District Council and Waveney District Council

- 4.9 The policy has now been reviewed again and a number of minor changes have been made to the policy. Full details of recommended changes are in Appendix B.
- 4.10 Areas for review were identified in the following ways:
- Analysis of trends and data from the housing register and lets
  - Consultation with the Project Board
  - Consultation with frontline staff

- Carrying out a formal review meeting with representatives from all local authority partner and finalising proposed changes to wording with this review group

4.11 In December 2020, the Ministry for Housing, Communities and Local Government issued new a new Code of Guidance called, Allocation of accommodation: guidance for local authorities. This clarifies new eligibility criteria for European applicants following on from Brexit. This guidance has also been considered while developing and updating the Allocations Policy.

4.12 Changes made to the Allocations Policy include:

4.12.1 Disregarding local connection criteria for spouses and civil partners who are required to leave accommodation provided by the Ministry of Defence following a breakdown in their relationship with their Service spouse or partner;

4.12.2 Clarification on how properties in rural parts of the Gateway may be restricted so that only applicants with a specific type of local connection are eligible for allocation of these properties; and

4.12.3 Clarification that when completing financial assessments on households to ascertain whether they can meet their own housing need, will now include all adult members of the household, not just the main applicant's income.

4.13 The updated version of the Allocations policy is listed in Appendix A

4.14 Proposed changes are listed in Appendix B
