

<https://www.valleyridge.site/centre>

At the heart of Valley Ridge will be a new Entertainment Centre, including Bowling, Climbing Walls, Virtual Reality, a dedicated Sports Bar with food and drink and a four screen boutique cinema. In total there will be greater opportunities for family eating and drinking and all round leisure facilities.

As a result, the casino, gaming room and nightclub have been removed from the plans, as have the Sports Museum, Academy and Hostel. The retail space has been reduced and will concentrate on the shopping required whilst staying in the new self-catering accommodation and using the new leisure facilities.

A new Outdoor Pursuits facility will be provided, including tree trekking, high ropes, ziplines, archery, adventure golf, electric bikes and watersports.

The proposed Sports Centre will be expanded to provide indoor courts for guests, plus indoor golf, multi-use flexible space and dedicated toddler space.
