Submission to Wingfield Barns Planning Review, September 1st, 2021

Dear Sirs,

The Parish Council is looking for reassurance that the proposed changes of use to the Granary and Studio 3 do not alter Wingfield village's access to the Barns and use of its amenities.

Thanks to Anna Fielding we use the Barns for parish council meetings, as a venue for village celebrations such as fetes and open garden festivals and we have recently installed a defibrillator on site for use by both village and Barn's clientele. All activities we suggest fall under the designation of the Barns as a Community Interest Company.

If we could have this reassurance in writing, we would be obliged.

Yours sincerely

David Young

Wingfield Parish Clerk
