

The absence of a safe and secure place in which to live can have an extremely negative impact on physical and emotional health and wellbeing. This report displays data on overall crime and a breakdown of crime types for Babergh & Mid Suffolk.

Single crime case data have been aggregated for Babergh & Mid Suffolk and rates are calculated per 1,000 population. 12-month rolling figures use an average of the population monthly figures over the same period. Where the dates for the crime data exceed the latest available date for population estimates, the latest population figure was used for any crime rates after that date (no extrapolating).
