

Suffolk County Council Highways Response dated 09/08/2022

I have reviewed the existing and proposed plans for coach parking and manoeuvring, it is deemed acceptable for one coach parking space and can safely manoeuvre within site. There does not seem to be adequate space on site for a second coach parking bay as it will impact upon the vehicle parking bays and users.

The issue is whether the site requires two coach parking spaces which the applicant should evidence.

If you have any further queries, please do not hesitate to contact me.

Thank you.

Kind Regards,
