Your Ref DC/23/02118

Thank you for your letter dated 24 May 2023.  
As I do not have a computer I say the  
appropriate number to request copies of plans  
etc. To date nothing has been forthcoming!!  
Not impressed given I called on 26 May 2023.

We do not want Solar Panels to destroy the  
lovely landscape surrounding Bramford Tye,  
Howdon, Somerham & Bursdall. The peace  
and tranquillity is second to none. We have amazing  
dog walks and horse riding (which will become  
too dangerous for loose & riders) and the cycle  
gratunty will suffer badly too. To say  
nothing of chaos on the lanes.

The look of these large panels & metal fences -  
an eyesore plus the buzz they make will  
inevitably create mental health issues for many  
villagers.

Please don't turn these lovely valleys into an  
industrial extension of Great Blackenham. We  
need to grow more food - electricity will see a  
drop in demand because few will be able to afford it.

Yours

Dr & Colin Godfrey
