Post Office Relief	11	39,825	16,827
Petrol Filling Station Relief	4	42,300	19,695

Notes

1. Those that qualify for 100% Small Business Rate Relief (SBRR) are those with rateable values below RV £12,000 and they must satisfy the other criteria. Those that receive relief on a sliding scale of between 1% and 100% are those with RV's between £12,000 and £15,000. For BDC this is 78 receiving relief out of a possible 224 cases. The cases that do not qualify for SBRR could be because they are responsible for more than 1 property or the property could be empty.
2. There are an additional 590 properties that have rateable values of between £15,000 and £51,000 – these fall out of the SBRR category but will still qualify (where applicable) for reduced business rates because their rateable value is multiplied by the lower multiplier.
3. There will be some properties that appear in more than 1 category. An example of this would be a property that appears in both the 80% mandatory relief and 10% discretionary relief categories.
