This document is the property of David Trundley Design Services Ltd and may be revised, altered or copied in part or in whole without written permission. © 2017

All dimensions are in millimetres unless stated otherwise.

It is recommended that information is not copied off this drawing.

This drawing should be read in conjunction with all other relevant information, specifications & schedule.

This drawing is issued electronically & is the retainers responsibility to print development at the correct scale.

All dimensions to be checked on site prior to commencing work and any discrepancies to be advised immediately.

CONSTRUCTION Drawings & Management (C/D/2017/011/001) David Trundley Design Services Ltd are responsible as 'Designer' and will provide information to those responsible for the 'Principal Designer' and to the client.

David Trundley Design Services Ltd are responsible for the Structural Design of the elements included on this drawing only.

Architectural design has been carried out with due consideration for the health and safety of the user, installation, inspection and maintenance of the building structure.

The works contain no extraordinary hazards or risks that are not present during routine construction operations that would not readily be apparent to a competent construction.

This information should be included as part or commencement of the health and safety file for the project.
